

# How to Start Using TronLink Wallet

Official website

[tronlink.org](https://tronlink.org)

Step 1

## Install TronLink

### For Android

Download via Google Play

[play.google.com/store/apps/details?id=com.tronlinkpro.wallet](https://play.google.com/store/apps/details?id=com.tronlinkpro.wallet)

### For iPhone (iOS)

Install via App Store

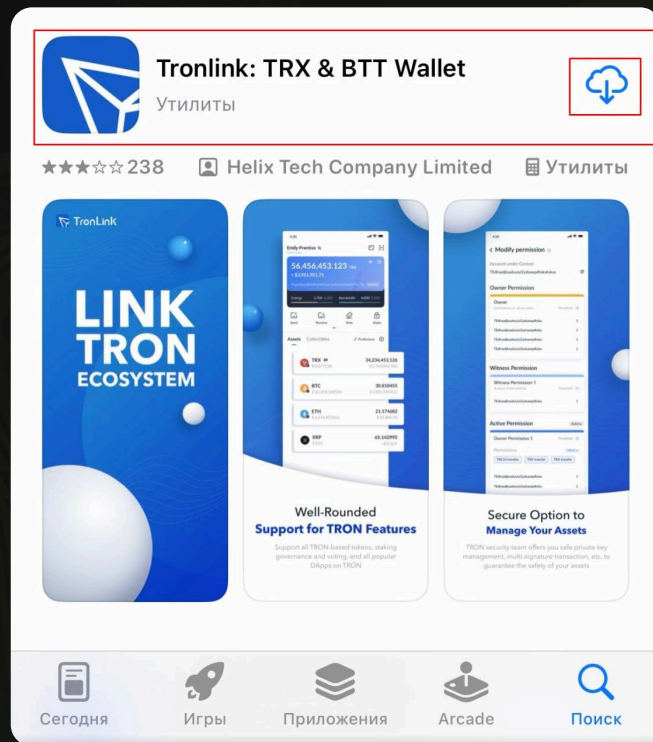

[apps.apple.com/app/id1453530188](https://apps.apple.com/app/id1453530188)

### For computer (Chrome extension)

[chromewebstore.google.com/detail/tronlink/  
ibnejdfjmmkpcnlpebklmnkoeoihofec](https://chromewebstore.google.com/detail/tronlink/ibnejdfjmmkpcnlpebklmnkoeoihofec)

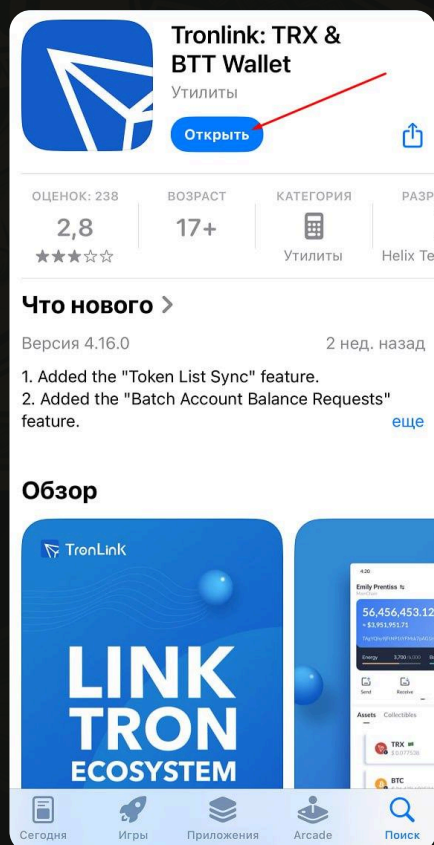

## Step 2

# Create a wallet

## 1. Open the TronLink app

## 2. Click "Create wallet"

## 3. Create a wallet name, a strong password and confirm it

The screenshot shows the 'Create Wallet' screen in the TronLink app. At the top, there's a back arrow and the title 'Create Wallet' next to a wallet icon. Below the title, a progress bar shows three steps: 1. Wallet Name & Password, 2. Security Shield, and 3. Wallet Created. The first step is active. Under 'Name', there's a text input field with the placeholder text 'Wallet'. A red arrow points to this field. Below that, under 'Set a Password', there's a text input field with the placeholder text 'Enter a password'. A red arrow points to this field. Below the password field, there are four checkboxes: 'Uppercase', 'Lowercase', 'Number', and 'At least 8 characters'. All are checked. Below that, under 'Reenter Password', there's a text input field. A red arrow points to this field. At the bottom, there's a 'Create Wallet' button. Above this button, there are two checkboxes: the first is checked and says 'Create a GasFree wallet at the same time to enjoy the permit transfers, which can free you from gas fees! Learn more about GasFree'; the second is unchecked and says 'I understand that TronLink cannot recover this password for me.'.

## 4. Keep the secret phrase (12 words) - this is important! Write it on paper and don't show it to anyone.

Protect Your Wallet

First, you need to understand what a mnemonic phrase is and how to safeguard your wallet.

What's an account mnemonic phrase?  
A mnemonic phrase typically consists of 12 words. It is the "master key" to your crypto wallet and funds.

How to safely store my mnemonic phrase?

- Save it in a password manager.
- Store it in a safe box.
- Write it down and store it in various secure locations.

Should I share my mnemonic phrase?

If someone requests your recovery phrase, it's most likely that they are attempting to deceive you and steal your wallet assets.

## 5. Choose the secret correct words

1

2

3

Wallet Name & Password

Security Shield

Wallet Created

To ensure you have stored the mnemonic in the correct order, select the right word with the corresponding numbers.

1	2	3
4	5	6
7	8	9
10	11	12

Choose the No.8 word

lazy give excuse

Choose the No.9 word

fatal symbol cattle

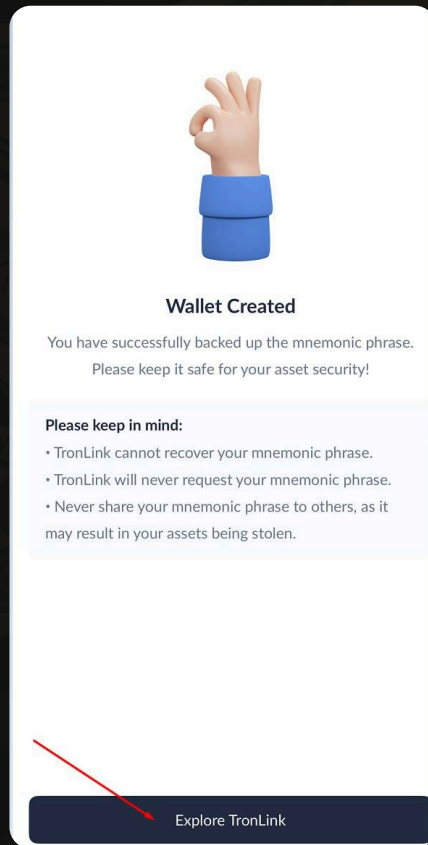

Choose the No.10 word

seed velvet lock

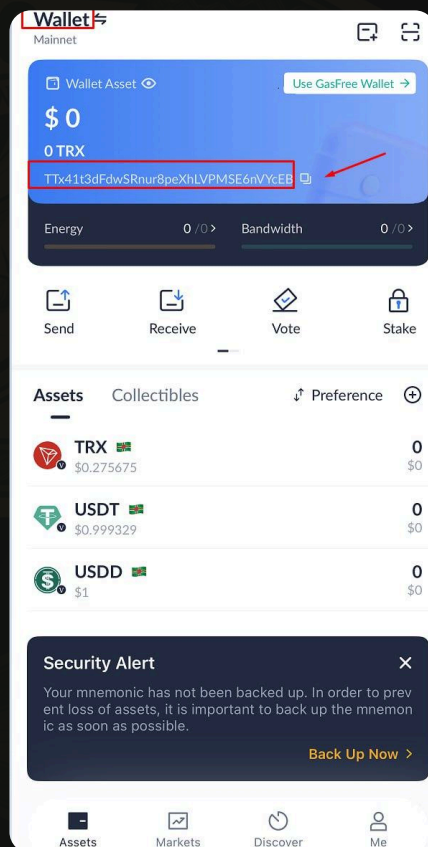

Complete

Done Your wallet is created.

Location of your wallet number

### Step 3

## Activate your wallet - top up your TRX

Without TRX, the wallet is not active. You will not be able to send or receive anything.

### Where to buy TRX (TRON network coin):

#### Binance/Bybit Exchanges

1. Register: [binance.com](https://binance.com) | [bybit.com](https://bybit.com)
2. Top up with a card or via P2P
3. Buy TRX and withdraw to an address from TronLink

#### P2P platforms (without registration on the exchange)

[bestchange.ru](https://bestchange.ru) | [exnode.ru](https://exnode.ru)

**Third-party wallet - if you already have one, you can transfer TRX from there**

### Step 4

## How to find the address for replenishment

1. Open TronLink
2. Click on your wallet → Receive button
3. Copy your TRON address (starts with T...)
4. Paste this address when sending TRX from Binance or another wallet

### Step 5

## Make sure the correct network is selected.

At the top of the app it should say Mainnet (TRON). If not, click and select.

## Step 6

### Now you can:

- Receive and send USDT (TRC-20)
- Store any TRC-20 tokens
- Participate in projects, use dApps, connect the wallet to websites

### IMPORTANT TO REMEMBER

- TRON network fees are paid in TRX only - keep at least 3-5 TRX in your wallet balance
- Don't trust anyone with your secret phrase! (12 words)
- Always check that the network is Mainnet
